“Nature has unlimited potential to educate and nurture” –  
participant 2011

“I would highly recommend undertaking this training. It will  
thoroughly equip you to take groups of children to the woods, the  
forest, the duck pond, the beach or the meadow” - teacher 2012

What is Forest School?

*“Forest School is an inspirational  
process, that offers ALL learners  
regular opportunities to achieve,  
develop confidence and self-  
esteem, through hands-on  
learning experiences in a  
woodland or natural environment  
with trees.”*

Forest School Association

Forest Schools are based on  
outdoor nature schools in  
Scandinavia, where children  
play and learn outdoors.  
When children learn outdoors  
they develop in lots of ways  
simultaneously and the  
learning they do is very secure.  
Minds, bodies and hearts are  
all exercised at once.

Our training is:

- 🪵 A Level 3 qualification  
certified through the Open  
College Network.
- 🪵 underpinned by our  
philosophy and nature  
connection values.
- 🪵 set in the wider context of  
ecological education, bush-  
craft and nature connection.
- 🪵 combines personal,  
environmental and cultural  
understanding within a  
dynamic of holistic  
development.
- 🪵 draws on excellent practice  
from around the world.
- 🪵 suitable for working with all  
ages.
- 🪵 run by highly trained and  
experienced staff.
- 🪵 personally fulfilling and fun!
